

Manufacturers of Instruments for
pH, Redox, Specific Ions,
Conductivity, Salinity,
Dissolved Oxygen,
Humidity, Temperature,
for Research and Industry

Manufacturer : GFS Chemicals, Inc.
Address : P.O. Box 245 Powell, OH 43065, U.S.A.
Phone : +1 740 8815501
Fax : +1 740 8815989

Date : Jan 2013

MATERIAL SAFETY DATA SHEET

Not Classified as Hazardous According to Criteria of Worksafe Australia

IDENTIFICATION

Suspended Copolymer Turbidity Standard Solutions.

Part No	Product Code	Description & Volume
125200	GST180L	180 NTU Diluted Turbidity Standard, 1 Litre
125202	GST180	180 NTU Diluted Turbidity Standard, 200 mL
125204	GST360L	360 NTU Diluted Turbidity Standard, 1 Litre
125206	GST360	360 NTU Diluted Turbidity Standard, 200ML
125214	GST90L	90 NTU Diluted Turbidity Standard, 1 Litre
125216	GST90	90 NTU Diluted Turbidity Standard, 200 mL
125218	GST900L	900 NTU Diluted Turbidity Standard, 1 Litre
125220	GST900	900 NTU Diluted Turbidity Standard, 200 mL
125222	GST1800L	1800 NTU Primary Turbidity Standard, 1 Litre
125224	GST1800	1800 NTU Primary Turbidity Standard, 200 mL

UN Number : None Allocated
Other Names : AMCO CLEAR™ Turbidity Standard
Manufacturers Code : AMCO CLEAR

Dangerous Goods Class : None Allocated
Subsidiary Risk : None Allocated
Hazchem Code : None Allocated
Poisons Schedule : Not Scheduled

Uses : Analytical reagent for calibrating Turbidity meters.

Physical Description / Properties :

Appearance : Clear to opaque, odourless liquid
Boiling Point (°C) : 100 °C
Melting Point (°C) : 0 °C
Specific Gravity : 1.0
Flash Point (°C) : Not flammable
Flammability Limits (%) : Not flammable
Solubility in Water (g/L) : Completely miscible

Other Properties : pH ~ 6.7

Manufacturers of Instruments for
pH, Redox, Specific Ions,
Conductivity, Salinity,
Dissolved Oxygen,
Humidity, Temperature,
for Research and Industry

Ingredients :

Chemical Entity	CAS No	Proportion
Styrene Divinyl Benzene Copolymer beads	[9003-70-7]	<1%
Water	[7732-18-5]	to 100%

A trace of sodium azide (0.01%) has been added as a preservative.

HEALTH HAZARD INFORMATION

Health Effects :

Swallowed	: May cause irritation of the gastric system.
Eye	: May be irritating to eye tissue.
Skin	: May irritate skin tissue.
Inhaled	: Not considered a hazard with normal laboratory use. Mists may cause irritation of mucous membranes.
Chronic Effects	: No data available

First Aid :

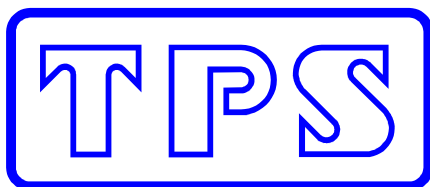

Swallowed	: Ingestion is not hazardous.
Eye	: Flush eyes with water. Seek medical attention if irritation develops.
Skin	: Wash contacted skin with water. Launder clothing before reuse.
Inhaled	: Inhalation is not an expected route of exposure.

Advice to Doctor :

Treat symptomatically

PRECAUTIONS FOR USE

Exposure Limits	: Worksafe - None Established. LD ₅₀ (oral-rabbit) 368g (water)/kg. OSHA PEL/ACGIH TLV not established. No evidence of carcinogenicity.
Engineering Controls	: Not usually required with normal use. Keep from freezing. Avoid contaminating solution.
Personal Protection	: Always Use good laboratory practices.
Flammability	: Not flammable.

SAFE HANDLING INFORMATION

Storage & Transport : Store sealed in original container in a cool well ventilated situation away from foods and other chemicals. Observe good hygiene and housekeeping practices.

No special transport requirements apply.

Spills & Disposal : Wash up with water. Disposal to sanitary drain or general wash.

Fire/Explosion Hazard : Not flammable. Fight surrounding fire.

Reactivity : Stable. Incompatible with organic matter (no hazardous reaction). Hazardous polymerisation will not occur.

Other :

All information given by the Company is offered in good faith and is believed to the best of our knowledge to be accurate. However this information is offered without warranty representation inducement or licence and the Company does not assume legal responsibility for reliance upon the same.

Every person dealing with the materials referred to herein does so at his or her own risk absolutely and must make independent determinations of suitability and completeness of information from all sources to ensure their proper use.
